

Dave-Nuria, as we have gotten older, Jim and I were thinking of how long you've been our "insurance' consultant:

You became our insurance person almost 30 years ago when we became real estate agents. You have explained and suggested what program would be best for us. Over the years many other people in our group also looked to you for that same knowledge and service.

As we got older and needed "senior" insurance, we knew you would check out the different insurance programs that would be better for us. Thank you for the time you've taken with us not only to help us understand the plan best for us but would keep in touch with us to see how we were doing and if we needed further explanation. We are now in our "Eighties" and sometimes need extra help in understanding things! We just wanted to thank you for being you and we are so grateful that "HELP" is always a call away!

Sincerely,

Jim and Millie

I have been meaning to drop you a note, but things have been hectic as you can imagine. Wanted to let you know that Dad passed away on May 31st from pancreatic cancer. He was diagnosed in early April and was ok for a while...but declined rapidly the last few weeks of May.

It was a hectic time for Stephen and I as we were also responsible for my godmother/aunt (who was actually Dad's 1st cousin) who was like a second Mom to us...we grew you next door to her. In the fall of 2016, I moved her to a nursing home in Frederick, Maryland, where we grew up and an hour from where I live. She also started declining very rapidly the end of April/early May and passed away on May 6th. Stephen came here to see her before she passed (getting here just 2 days before) and stayed here through the funeral. We then both flew back to Florida as Dad wasn't doing well. We brought hospice on board to provide extra support but keeping him in assisted living. He literally passed away within 3 days of us bringing hospice on board – much faster than anyone thought.

In both cases, we feel blessed they had long mostly healthy lives. And, in the end, didn't linger.

Just wanted to let you know. Your help over the past years making sure I got the right insurance for all of us was invaluable. THANKS

Best,

Susan

I could not let another day pass without letting you know how grateful I am for your help and guidance in obtaining the perfect health and prescription insurances for my situation. I could never have done it by myself. Your advice was invaluable. Now I am covered for any medical need when I am home and when I visit my children. Thank you again.

The best insurance broker had the pleasure of working with. I worked with Daveco for over ten years, and during that time not only did I know the best products for the Bank were recommended; but the assistance offered by them at all time, their professionalism and ethical handling of our insurance program has been unsurpassed by anyone I have worked with during my career in HR.

David and Nuria thank you for recommending an insurance policy that would fit my needs according to what I requested and go out of your way to explain and clarify all my doubts regarding the benefits. Thanks again for helping me out when I had to file a claim. You are very professional and helpful.

Regards,
Rosario

It's been so nice to have insurance agents that help me find the best program for me, and you always have found the answer or solution to all my problems / questions. You guys have been my agent for over 13 years. Thanks so much.

I just wanted to thank you and your wonderful wife, Nuria Perez-Fleischer for your help today. I really appreciate all of the information, time, etc. that you took with me in helping me today!

Anytime I have called, spoken with, or have had the pleasure to speak with yourself, Mr. Fleischer (and or course, Mrs. Fleischer as well) I have been more than satisfied but also pleasantly surprised at the level of service that you both provide.

Please accept my heartfelt thanks in running the kind of company that is so far above, so exemplary, such a cut above in today's world.

Thank you so very much!

Very truly yours,

Donnamarie
